
Further updated 2/10/2017. Corrections to third figure of Le Moyne and Roger Farrel of Ithaca. Amazingly I taught this dance twice in 2017 (first time(s) in 20 years) and did not notice the error pointed out by Keith Rose.

Updated 22/4/2021 in the end of The Cane Toad Jig (in the notes for the 3rd time through).

Updated 5/5/2022, changing bars 29-32 of The Daisy Chain to remove the alternative, as I no longer like it. Also corrected the name of the lead tune.

### Notes and Acknowledgements

Dances are arranged in increasing order of difficulty, with early ones being teaching dances, and some later ones quite difficult.

I especially wish to thank Iain Boyd for lots of help in the preparation of this book. I would also like to thank Peter Elmes for lots of help with the music, and the dancers of Wellington particularly the Friday night group, and the Johnsonville Club for being good Guinea pigs.
THE DAISY CHAIN
A three couple, 32 bar strathspey.

1-8 First, second and third couples dance reels of three on the sides. First couple cross down between second couple, second couple dance out and up and third couple dance in and up to begin. First couple finish on opposite sides facing down while second couple finish in original places facing up.

9-12 First and second couples set twice.

13-16 First and second couples turn with left hands one and a half times. First and second men finish facing out.

17-24 Second and first couples dance a ladies’ chain across the set.

25-28 Second, first and third couples, with nearer hands joined on the sides, advance with two travelling steps and retire with two travelling steps.

29-32 First couple turns with two hands one and a half time to finish on own sides.

Repeat having passed a couple.

Devised June 1998 as a teaching dance to introduce ‘ladies’ chain’. (Note May 2022: Of course now I would not dream of doing crossover reels before ladies’ chain. However, there are very few dances with ladies’ chain in Strathspey time, and I continue to use this for such purposes.) Recommended music is a strong strathspey such as “Barbara Rae” by Paul Machlis, which is the lead tune for “Bonnie Flowers o’er the Muir” with a suitable recording being by the Berkeley Scottish Players “None So Pretty”. (This corrects my early misunderstanding of the name of the tune.)

Daisy Macdonald Fanning is my niece. The dance celebrates her birth.

Modified 5/5/2022. I no longer like the suggested alternative bars 29-32, which read as “Alternative) Second, first and third couples turn with both hands to finish on own sides” as I think it detracts from the first couples’ moment to have the last say in the dance, so I have removed.
JEANETTE’S HORNPIPE

A three couple, 32 bar hornpipe.

1-8 First couple lead down the middle and back up again to finish back to back in the middle facing first corners. Second couple move up on bars 3-4.

9-12 First couple set to first corners and turn them with both hands and pas de basque. First couple finish facing second corners.

13-16 First couple set to second corners and turn them with both hands and pas de basque. First couple finish on opposite sides in second place.

17-20 Second, first and third couples, with nearer hands joined on the sides, advance with two skip change steps and retire with two skip change steps.

21-24 First couple turn with right hands one and a half times.

25-32 Second, first and third couples dance six hands round and back.

Repeat having passed a couple.

Devised September, 1999 in Wellington, as a teaching dance to introduce 'set to and turn corners.' Recommended tune - "Victoria Hornpipe". Suitable music would be "Mr Wilson's Hornpipe," on "Scottish Dance Favourites" RSCDS CD 1.

Jeanette is a friend living in Wellington, New Zealand. We did our teaching certificates at much the same time.
SUSAN’S JIG
A three couple, 40 bar jig.

1-8 First couple cross over giving right hands, cast down behind second and third couples on opposite sides, cross over giving left hands, cast up round third couple on own sides and cross over passing by left shoulders to finish facing first corners.

Second and third couples move up on bars 3-4 and third couple move down on bars 7-8.

9-16 First couple dance a reel of four with first corners passing corners by right shoulders to begin. At the end of the reel first couple dance round each other by left shoulders to finish facing second corners.

17-24 First couple dance a reel of four with second corners passing corners by right shoulders to begin. At the end of the reel first couple pass by left shoulders to finish facing first corners.

25-28 First couple turn first corners with right hands once round. At the end of the turn first couple pass by right shoulders to finish facing second corners.

29-32 First couple turn second corners with right hands once round. At the end of the turn first couple pass by right shoulders to finish on own sides in second place.

33-40 Second, first and third couples dance six hands round and back.

Repeat having passed a couple.

Devised in Wellington in June 1997 as a teaching dance to introduce ‘diagonal reels of four.’ Suitable music is “Middling Thank You” recorded by Fiddlers Three Plus Two on “Scottish Dance Favourites, Volume 1” (RSCDS CD-3), Track 3.

Susan Dorricott dances for many years with the Johnsonville Scottish Country Dance Club.
JENNY FREEMAN’S STRATHSPEY
A two couple, 32 bar strathspey.

1-6 First woman, followed by her partner, casts down round second woman, dances across the set below second couple, casts up round second man and dances across the set back to original place. First couple finish facing second couple. Second couple turn to face up on bar 6.

7-8 First and second men and first and second women turn with right hands once round. First woman and second man finish facing out.

9-16 First and second couples dance a reel of four across. First man and second woman pass by left shoulders while first woman dances down the women’s side and second man dances up the men’s side to begin. At the end of the reel first woman and second man pass by right shoulders to finish in original places.

31-32 First man dances across to second man’s place
while
second woman dances across to first woman’s place
while
first woman and second man cast to the right and dance out to the
side-lines to finish with first woman in second woman’s place and
second man in first man’s place.
The movements should be danced is as round a shape as possible.

Devised in Wellington during November, 1993. Recommended tune - "The Brig O’ Bervie” played ABAB.

Suitable music is ”The Birks Of Invermay” recorded by Bobby Crowe and his Scottish Dance Band on ”Music For Twelve Scottish Country Dances Book 16” (RSCDS 47), side 1, track 2.

Jenny is a good friend living in Wellington, New Zealand.

15-16 Active couples turn with left hand to 2nd corners.
17-22 Active couples and 2nd Corners repeat 9-14.

25-30 Active couples set, cross right hand, cast off one place (fourth and fifth couples step up)
31-32 All take hands on the side and set.

Repeat from new positions

Devised late 2002. It is a teaching dance to introduce 5 couple dances. There are enough delays in the dance to enable the fourth couple to get used to being corners in two parts of the set, and enough partner contact that experienced dancers can guide less so through the dance.
Recommended music is “The Curlew” by P/M Donald MacPherson, and a suitable recording is “Spiffin” on the CD "Kardinia Capers", by David South and his band.
This dance was written for our treasured treasurer Yu Hayakawa, who loves to wear pink.

3-4 First and fourth couples set.

5-8 First couple dance up the middle with nearer hands joined and cast down round second couple on own sides while fourth couple dance down the middle with nearer hands joined and cast up round third couple on own sides. Second couple move up and third couple move down on bars 7-8.

9-16 Second and first couples and fourth and third couples dance an all round poussette.

17-20 First couple dance a half figure of eight up round second couple while fourth couple dance a half figure of eight down round third couple.

Devised in late 2001 for Eric Norris to celebrate his ninetieth birthday. Eric and his wife Isla are very longstanding life members of the Johnsonville Club. They have been very kind to beginners (such as to me when I started) for many many years, and still dance regularly.

There is no recorded $3 \times 40$ strathspey that I find suitable. I would recommend either the Lover’s Knot or Snow in Summer (Berkeley Players) as suitable tunes, despite the fact that they do not have the correct number or repeats.
LYALL BAY
A three couple, 32 bar strathspey.

At the end of the half reels third couple cast into first place while second and first couples finish in a line of four across the set between second and third places with second couple in the middle facing down with nearer hands joined and first couple on the outside facing up.

9-12 Second couple dance down and out to finish on the side-lines in third place, cast up round first couple, dance down the middle with nearer hands joined and cast into third place while first couple dance up and in to finish in the middle in second place facing down, dance down with nearer hands joined to finish on the side-lines in third place and cast up round second couple to finish in the middle in second place facing up with nearer hands joined.

13-16 First couple dance up between third couple with nearer hands joined and cast down round third couple on own sides.

17-18 Third and first couples turn partner with both hands just over once round to finish in the middle with the men facing diagonally down and the women facing diagonally up.

THE CANE TOAD JIG
A three couple, 32 bar jig.

1-8 First, second and third couples dance reels of three on own sides. First and second couples pass by left shoulders to begin. On bars 7-8 first and second couples pass by left shoulders to finish with first woman in the middle in second place facing third woman, first man in second man's place and second couple in top place.

9-24 First couple dance a "hello and goodbye" setting 'chase' with corners. First woman dances the "hello and goodbye" figure for bars 9-22 all the way round to finish between third couple facing up. On the last two bars, the first woman (who will be between the third couple) should turn once around on the spot, pulling back her right shoulder, to finish facing down. The first man does not begin the hello-goodbye figure until bar 11. Rather, on bars 9-10 first man advances across the set towards first corner before beginning to dance the figure. First man finishes in the middle in second place facing down. Corners set as appropriate. The figure is called a "hello goodbye chase" because the woman is dancing the figure 2 bars in front of the man.

25-32 First woman dances up behind third woman, across the set below second couple, up behind second man, across the set above second couple and down behind second woman to finish in second woman's place while first man dances down the middle, up behind third woman, across the set below second couple, up behind second man and down in front of second man to finish in second man's place facing out.

Repeat having passed a couple.
Devised in Pomona, Queensland, Australia in May 1993.
The dance refers to the occasion when my sons Carlton and Alex chased and caught two cane toads during a visit to Pomona in 1993.
Symbolism -

1-8 The chase.

9-24 The toads in a bucket trying to escape.

25-32 The boys let the toads go but chase after them.

The dance is intended to be rather playful, with no touching, since who wants to touch a cane toad? It is good for teaching intermediate dancers setting to corner and partner.
At the end of the second time through, first couple finish in third place facing down. Fourth couple turn to face up. On bars 1-2 of the next sequence the
original first couple dance to the bottom passing the original fourth couple by
the passing right shoulders. Thanks to Shoko Okumura for a correct here;
previously I had both the men and women passing LS.

Recommended tune - "Juniper Jig" composed by C F Sherrit and played ABBA.
Suitable music - "The Lantern Of The North" recorded by Andrew Rankine and
his Band on "The London Highland Club Diamond Jubilee" (LHC LPL7), side
2, track 2 or "C'est L'Amour" recorded by Rob Gordon and his Band on "The
Complete Caledonian Ball" (LDDL 8005), record 2, side 1, track 5.

15-16 first couple dance a "Petronella" turn to finish on own sides in second

place facing down
while
first woman casts down round third man to finish in the middle in third
place facing up
while

hands to finish facing counter clockwise.

21-24 First couple turn with right hands (twice round, if desired) to finish
facing second corners
while
third and second couples dance a circular chase, counter clockwise, round
the outside to finish back on own sides.

25-28 First couple turn second corners with left hands once round. At the end
of the turn first couple pass by left shoulders to finish facing first corners.

29-32 First couple turn first corners with left hands once round. At the end of
the turn first couple pass by left shoulders to finish on own sides in second
place.

Repeat having passed a couple.

Devised in December, 1993.
White Rock is an interesting limestone rock formation at a black sand beach in
the south Wairarapa, New Zealand.

out. On bar 64 the new first couple turn to face down. On bars 65-66, as the
new first couple dance down behind second couple, the original first couple d ance
down behind fourth couple while fourth couple move up.
Suitable music - "Hey, Johnnie Cope", and a suitable recoding is by Peter White and his Scottish Dance Band on "Hey, Johnnie Cope" (BSLP 71), side 1, track 1, or Iain Cathcart and his Band “Dances to Song Tunes” CD: RSCDS CD076 (2014).

The title was suggested by leaves swirling along a Titahi Bay street in a strong southerly.
