

IEEE NZ Central Section Post-Graduate Presentation Event

Date: 28th August at 2:00 pm – 6:00pm (approximately)

Venue: Victoria University of Wellington
GB LT1, Pipitea Campus

As part of the IEEE New Zealand Central Section's technical activities we are organizing a half-day event to showcase engineering post-graduate research work in the region. The event will provide post-graduate students who are pursuing their higher degree studies in the areas of engineering and technology in local universities to present their research work and to share their knowledge with other fellow-students and peers. The event will allow networking between students and IEEE members.

Each presentation will be time-limited to only 8 minutes with approximately 2 minutes for discussion and questions. Prizes for best presentations will be awarded, with food and refreshments available to all participants.

IEEE NZ Central section would like to sponsor the membership fee of 2008 of the presenters if they are not already members. Hence by the end of the event we hope all participants will be members of IEEE.

IEEE, IET and IPENZ members and colleagues are welcome to come to the entire event or if their time is limited they would be welcome to come along for any part of the event.

Post-graduate students please send your name, details, title of your presentation to A/Prof. Subhas Mukhopadhyay @ S.C.Mukhopadhyay@massey.ac.nz by Friday 15th August, 2008. Please use the form below to furnish these details.

IEEE Members wishing to attend and hear the presentations should also contact A/Prof. Subhas Mukhopadhyay @ S.C.Mukhopadhyay@massey.ac.nz by Friday 22nd August, 2008 so that we can determine catering requirements.

For any other queries please contact A/Prof. Subhas Mukhopadhyay @ S.C.Mukhopadhyay@massey.ac.nz.

Application to Present at the Post-Graduate Event:

Name of Presenter: _____

Title of Presentation: _____

University Affiliation: _____

Name of Supervisor: _____

Are you an IEEE Student member? ☐ YES ☐ NO

If Yes, your membership number: _____

(Please note that you don't need to be an IEEE member to participate in the event).
